Does your firm turn down cases that are out of state or in practice areas you don’t handle?

Instead, consider joining Morgan & Morgan’s referral family. With over 550 attorneys, located in more than 50 offices, with unmatched strength and results.

Referring a client means that you’re making sure your client and their case is taken care of - and we take care of every client as if they were a member of our own family. It’s with this in mind that our team never settles for less than full value. Our formidable team of attorneys has recovered over $7 billion for our clients. When we enter the courtroom, our strength is clear — we leverage our successes to get a bigger win for our clients.

Our hundreds of referral partners know that our verdicts and settlements speak for themselves, and they take comfort knowing that the Litify Referral Network allows them to send, track, and receive referrals with us along with the more than 500 active firms using it.

Why Referring to Morgan & Morgan is Different

If your firm receives an inquiry outside of your core practice areas or outside of your geographic coverage area, Morgan & Morgan is available as referral counsel or to be associated as co-counsel. Here’s how our referral system is set up:

**We’re well-equipped**

With over 550 attorneys more than 40 practice areas in 50 offices nationwide, our firm is ready and able to handle a variety of litigations.

**We want to make justice accessible.**

Our goal is to increase access to quality legal representation everywhere. Together with our referral and co-counsel partners, we can make justice more accessible to everyone.

**We’ll maximize value for your client, and you.**

We have a winning track record both at trial and with pretrial settlements, and our attorneys recovered over a billion dollars last year alone. We work tirelessly to get your clients the compensation they deserve, and we never settle unless it is the best offer.

**We have an established referral system.**

In 2019, our referral partners from around the country sent us 10,516 cases to review. The attorneys we work with trust us to get their clients the best recovery possible. For clients this means the best possible results, and for our referral partners it means a share in the fees we collect, as permitted by a state’s rules of professional conduct.

**We’ll be transparent.**

The Litify® Referral Network, administered by our technology partner, Litify, makes processing referrals fast and easy. Referring a case through the Litify® Referral Network allows attorneys to easily track all their referrals in one place with full transparency.
What types of problems did you run into when referring cases to other law firms?

One of our primary concerns is always the responsiveness and competency of the law firm receiving a potential client.

What’s one thing that Morgan & Morgan has that makes referring to us simple?

When referring to Morgan & Morgan, our firm was able to leverage their new technology to keep the quality and quantity of our referral work high while minimizing the time spent on manual, time-intensive, or otherwise low-value tasks. In addition to technological advancements, Morgan & Morgan has the highest number of sign-ups among all of our referral partners in both Mass Tort, Personal Injury, and Workers Compensation. Their new technology also provides us with real-time updates that allow our office to stay informed on the status of our referral without the need for time-consuming and aggravating update requests.

What made you choose Morgan & Morgan for sending a referral?

The fact that Morgan & Morgan covers more jurisdictions than any of our other referral firms has allowed our office to dramatically expand our Personal Injury and Workers Compensation portfolios. We recently diversified our Mass Tort business by tailoring our new client intakes to emphasize cases pertaining to mesh devices, joint replacements, dangerous drugs, and consumer products.

How many cases have you referred to us?

To date, nearly 500 files have been referred to Morgan & Morgan.

Would you recommend Morgan & Morgan to other law firms looking for a firm to refer cases to us?

Absolutely. They provide a quality service at an incredible speed – not to mention, they cover more jurisdictions and practice areas than any of our other referral firms.

How many years have you been a referral partner?

Mattleman, Weinroth & Miller, P.C. has worked with Morgan & Morgan for about two (2) years (since November of 2018).
1. **Why should I refer a case to Morgan & Morgan?**

Morgan & Morgan is the largest plaintiffs-only law firm in the country with offices in 17 states and over a dozen nationwide practice areas. This makes M&M the closest thing to a “one-stop shop” for assisting your clients with their inquiries that you do not handle. If your client is injured on vacation in Florida, we have 24 offices that can assist. If you’re an Atlanta tax attorney and your client was bit by a dog, our Atlanta office can help.

2. **How will I be compensated for referring a case?**

Referral fees are paid at the end of the case out of the attorney’s fee. For example, in Florida where referral fees are capped at 25%, if Morgan & Morgan receives $10,000 in attorney’s fees on a case you refer, we will pay you $2,500 at the end of the case.
3. **How do I keep track of all the referrals?**

Morgan & Morgan’s technology provider Litify has created a free Referral Network platform for attorneys to send and receive referrals. This platform includes multiple dashboards where you can see and sort the referrals you have sent out, to see which have been signed up, which are under review, and which were turned down. Signed referrals are updated with comments so that you can keep apprised of cases you send.

4. **What types of cases can I refer?**

Personal Injury, Workers Compensation, Medical Malpractice, Nursing Home, Business Disputes, Civil Rights, Whistleblower/Qui Tam, Class Actions, Mass Torts, TCPA, FCRA, Employment Discrimination, FMLA, Insurance Disputes, Product Liability, Veteran Disability, and more!

5. **How do I start the referral process?**

Go to http://referrals.litify.com to create an account with Litify. The first time an account is created by a member of your firm they will need to create the “firm” as well. Click on the “New Referral” button in the upper right hand corner, and then fill in the required client and case information. Hit “Next.” Type in “Morgan & Morgan P.A.” and select our firm, then click “Next.” Select the referral fee amount of 25% and click “Next.” Review the case information and then click “Send.”
